

UNIT PACKET SOLD TO DIAMOND CRYSTAL SALT

The sale of the Unit Packet Corporation and its affiliate, the Packet Products Corporation, of 10 Burlington Avenue, to the Diamond Crystal Salt

The Wilmington firm, with its subsidiary in Ste Michèle, Quebec, supplies practically every airline in the world, both foreign and domestic.

Company, announced last week in St. Clair, Michigan, is a logical step for the benefit of both companies, according to Sylvio R Turcotte, Plant Manager of Unit Packet.

The Wilmington company, which moved here 10 years ago from Everett, and has had two expansions since then, has sold 80% of its output through the St. Clair Michigan Company.

with its products, as well as many restaurants throughout the country.

Mr. Turcotte, manager, is one of the employees who came to Wilmington 10 years ago with the firm. He is a former High School teacher, having taught in Charlestown, N.H. He makes his home in Lynnfield.

The firm has a very low turnover in its employees, Mr. Turcotte said. 80% of the men who came to Wilmington with the firm are still employed here. About 100 employees are in the Wilmington plant, and about 25 in the Canadian one.

The production superintendent, Archie Hall, of Everett, and the superintendent of engineering and maintenance, Richard Simms of Chelsea have both been with the company since its Everett days. Mr. Hall is the man who represents the company with the Little League Tigers, four time champions in the Wilmington Little League.

Diamond Crystal

The Diamond Crystal Salt Company, which has purchased the Wilmington firm, is a 75 year old firm which was founded by the grandfather of the present president, Charles F. Moore.

The firm, in 1886, began the production of salt under the name of the St. Clair Rock Salt Co. However, its method of production, - known as the Alberger method, was such that the salt was 99.95% pure, and the name was changed to the Diamond Crystal Salt Company as a result.

The company now has two wholly owned affiliates, in addition to Unit Packet - The Colonial Salt Company, of Akron Ohio, and the Jefferson Island Salt Company, of Louisiana.

Mr Turcotte

The combining of the two companies will provide a better control of operations and sales, Mr. Turcotte said.

Unit Packet, which started in the manufacture of small individualized packets of salt and sugar, has expanded its operations into many other products during the past 10 years. It now produces small packets of many types, including, lemon, grated cheese, mustard, catsup, preserves and marmalades, honey, table syrup and salt and sugar substitutes. The company also provides small cellophane packages of knives, forks, spoons and napkins, for use by airplane passengers and others.

THE LAST RELICS OF
THE OLD STREETCARS

The last traces of the old Woburn-Billerica street car line, two tracks laid in 1894 can be seen as dim lines, under the broom held by Marge Craik, of the Wilmington Lawn Mower shop.

Guild Plastics is now filling in the old swamp, beside which the tracks ran, between Burlington Avenue and Shawsheen Avenue, and the tracks will soon be covered forever.

CHIEF OF POLICE ASKS FOR WAR SOUVENIRS

Chief of Police Paul J. Lynch has asked that any war souvenirs of an explosive nature in the Town of Wilmington be reported to the Police Department immediately. A police cruiser will call, the Chief says, and take the souvenir to a place of safety where it will be destroyed.

MDC CONNECTION

Wilmington Water Department employees, working 16 feet down, at the foot of Woburn Street, are connecting the new MDC sewer to the Wilmington sewer. The 'elbow' in the picture has a fifteen inch diameter. Sewer should be connected by the end of this week.

Chief Lynch has made his request because of the death of a child in Tewksbury recently, who was playing with a 'safe' detonator for a 70 mm shell. Two other children were wounded when the detonator exploded.

FOOTBALL PRACTICE STARTS AUGUST 28TH

Candidates for the 1961 High School Football team are to report at the football field behind the High School at 9 am August 28th., for their first practice session, coach Fred Pellissimo has announced.

FALLOUT SHELTERS II

The suggestion, in this column last week, of an exemption on the first \$500 in valuation of home fall-out shelters has been well received in some quarters, and has also been matched by a proposal by Rep. Brad Morse that the exemp- tion be 50% of the total valuation.

We think a \$500 exemption would be conducive to the erection of more shelters, and that in our opinion is the important thing at the mo- ment.

But the people of Wilmington have another serious problem, in a possible fall out of nu- clear material, and that problem is the Chil- dren in the Public Schools.

Our public school children are mostly trans- ported by bus, eight buses making two or more trips each. If the day should ever arrive when it would be necessary to get all the children home because of the danger of nuclear attack it would be impossible to do so in fifteen minutes which would be maximum warning time, according to most experts.

In other words perhaps half of the school children could be exposed to the attack, with- out shelter, even if there were sufficient or- der in automobile traffic to allow the first bus trips to be made. The chances are that the chaos would be so bad that the buses would ne- ver complete that first trip.

It is a problem that is worrying some of our school officials.

A possible solution is the use of the "crawl space" beneath some of the schools. The High School, the Wildwood, the Boutwell and the Glen Road, all have crawl space beneath them, gener- ally four or five feet high, with a fairly good

floor at ve, at least part of which is concrete. Such shelter obviously is not the best in the world, and there would be tremendous prob- lems, but, we submit, it would be better shel- ter than none at all.

Perhaps surveys might be made to determine the feasibility of such a proposal.

TOWN NOTES

Reunion

Fireman Charlie Ellis of Bal- lardvale Street got home from St. Johns last week after a siege of pneumonia. His room mate had been Tewksbury's Pol- ice Chief Sullivan.

Of course when Charlie got home he wasn't immediately ready for duty, but he saw the other Fire Laddies quicker than he expected to.

They were called to his home Sunday morning for a slight fire in the cellar. It must have been a grand re-union.

Blue Hornet

Tom Davis, Glen Road egg-man, reported in last week's paper as being stung by a hornet in- stead, and the doctor who treated him said that if the sting had been located an inch or two lower on Tom's neck he would probably have been a goner.

Tom had quite a time getting a doctor - nearly an hour, as things turned out. The police couldn't locate any in town, and he was driven to Woburn, where he had to wait nearly half an hour before he got his doctor, with his neck and tongue getting bigger all the time.

When Tom had finally been in- jected with an anti-dote to the poison in the sting, and things were looking a little better, the doctor asked what had stung him - we presume for the doctor's records.

'It was', Tom said solemnly, 'A Blue Hornet'.

Friar Tuck

We always thought that our secret name for Father Francis Mackin of St. Thomas was our own secret, but it turns out that many of the parishioners of that church have had the same name for the good priest.

For some months, in the ab- sence of the pastor he and Father Berube have had to dou- ble up on their duties, but now, we can report, Friar Tuck is on a well earned three weeks vacation.

He says he is just going to travel - but, he adds, he is going to go to church every Sunday.

Seeing is Believing

Dr. Chernoff could hardly be- lieve what he saw, when he re- turned from a week's vacation last week.

He was quite certain that he had told both the milkman and the paper boy not to leave any papers - but there they were, a whole week's accumulation on the side step - or so we are told.

The way we heard it, Doc cleaned his glasses twice, just to make sure.

Two Hour Wash

We have the half hour wash in the laundromats, and the min- ute wash, in some cities for cars, but it took the Redi-Mix Corporation, in North Wilming- ton to invent the Two Hour Wash for concrete trucks.

One of their huge trucks was parked beside the office at 3 pm, one day last week, while the driver stepped into the office to see if there were any orders.

Then he stepped out the truck was gone.

It had rolled down a slight incline, into Martin's Brook, which at that place seems to have been dredged to a depth of about 20 feet.

But in two hours the truck was again on terra firma, hardly the worse for its two hour bath.

Redi Mix called a diver from Seacraft, who hooked some ca- bles onto the truck, and a couple of powerful bulldozers just hauled it out.

The Easier Way

Traditionally the bass fish- ermen make an all night job of catching a couple of pounds of fish.

Jim Vosmos of Shady Lane Drive has an easier way.

He just gets up about 6 am., and fishes in the cool of the morning. He caught a six pound lunger, last Saturday, at Fos- ters Pond, to prove it.

**WANTS TO COMPLETE
WOODLAND ROAD**

The Planning Board, Tuesday night approved of a figure of \$7500 for a proposed bond to be filed by Edsel Tocci of Watertown, to guarantee the completion of Woodland Road, off Lowell Street.

Tocci, who bought the unfinished real estate development, wants to complete the road to meet Ledgewood Road, off Suncrest Avenue.

Of the \$7500, \$1000 is to complete work on the first portion of the road, and \$6500 is to provide for the work on an unfinished portion which is about 550 feet long.

**INTERN GETTING \$70
A WEEK**

An 'intern' who is studying at the University of Pennsylvania for a PhD in Government, Ernest DeProspero, is being paid \$70 a week to study in Wilmington.

Mr DeProspero, a native of Boston, is using the 'meeting-room' in the cellar of the Town Hall as his office; and is receiving mail as 'Assistant to the Town Manager'.

His name does not appear on any town pay-roll.

Town Manager Cecil Lancaster, Wednesday morning, when queried as to the salary for the

young man said 'What difference does it make?' - 'He is more or less of an intern - like Dean Cushing used to have.'

CHISHOLM DONATES CUP FOR SOFTBALL PLAYOFFS

The Wilmington Softball Re-
creation League teams are now
playing for two cups, instead
of one.

Leeland (Lee) Chisholm, 417
Andover Street, owner of a
sporting goods store in Malden
has donated a cup to be award-
ed to the winner of the Soft-
ball League Playoffs, now in
progress.

THE BILL DURKEE CUP (LEFT)
The cup donated by Lee Chis-
holm, in honor of the late
Bill Durkee is shown at left.
To the right is the Town Crier
Cup.

The Town Crier Cup, which was
supposed to be awarded to the
top team at the end of the
regular play, is still un-
awarded. The two top teams
ended in a dead-tie, the Gil-
darts and the Merrimacs, and
they have agreed that if they
meet in the Playoffs, now in
progress, the winner of the
first game will be the League
winner.

But it is possible that the
Gildart Townies and the Merri-
macs will not meet in the
playoffs. They each have to
defeat another team, in two
out of three games, and the
Townies took an automatic de-

feat in their first game.

The Townies are playing the
fourth place Jinx Weinbergs,
with each time having one win.
The crucial game is tonight,
at the Town Park.

In the first game, last Thur-
sday, Butch McFeeters, Gildart
player, failed to show up. The
Townies as a result had only
eight men, and according to
league rules, not only could
not play, but were inflicted
with an automatic 1-0 defeat.
Butch has earned the undying
friendship of Cagy Sam, for
his failure to show up.

Tuesday night the Gildart
Townies made mincemeat of the
Jinx Weinbergs in the sixth
inning, when the Townies
scored 11 runs in the sixth
inning. When the inning was
over the score was 19 to 10 in
favor of the Townies, and the
umpire declared it was too
dark to play.

The second game of the Pol-
caro team with the third place
Merrimacs was scheduled for
last night, and the results
were still in the air, as the
Town Crier went to press.

The winners of the games will
meet in a three-out-of-five
series, for the Playoff Champ-
ionships, and if the Townies
and Polcaros meet in the Play-
off the regular season play
will also be decided. If they
do not meet there will have to
be a special game for the de-
cision.

FAREWELL PARTY FOR NAVY ENLISTEE

A farewell party, in the form
of a cookout, was held at the
home of Mr and Mrs Donald Out-
ridge, 26 Cedar St., on July
22nd, for their son Donald, who
has enlisted in the US Navy
through the Lowell Recruiting
Office.

15 guests were present, and
refreshments, badminton and
dancing were enjoyed.

Donald left via Logan Airport
on July 27th, for the Great
Lakes Training Station in Illi-
nois, for boot training.

He is a graduate of Wilming-
ton High School, Class of 1961
and was employed by the Unit
Packet Company of Burlington
Vermont.

REAL ESTATE SUBDIVISION PLANS FILED

The first 'Definitive' plans
for a real estate development
in Wilmington in several years
were filed, Tuesday night,
with the Wilmington Planning
Board, by Atty Tougas, acting
for Elsel Tocci of Watertown.

Tougas filed plans for a 78
lot sub-division, to be known
as Alderwood Estates, between
Woburn Street and West Street.
The subdivision will have a
new road, connecting the two
streets, which will meet Wo-
burn Street at a point near
Federal Street, and will meet
West Street at the water-main
'cut-off' near the home of
Frank Johnson, 47 West Street.

Under the law the Wilmington
Planning Board has 60 days on
which to act on the proposed
plans, which were simultane-
ously filed with the Board of
Health. The Department of
Health has 45 days in which it
can suggest changes, or make
objections in matters affect-
ing Public Health.

STATE IS TAKING SAMPLES TO CHECK DUTCH ELM DISEASE

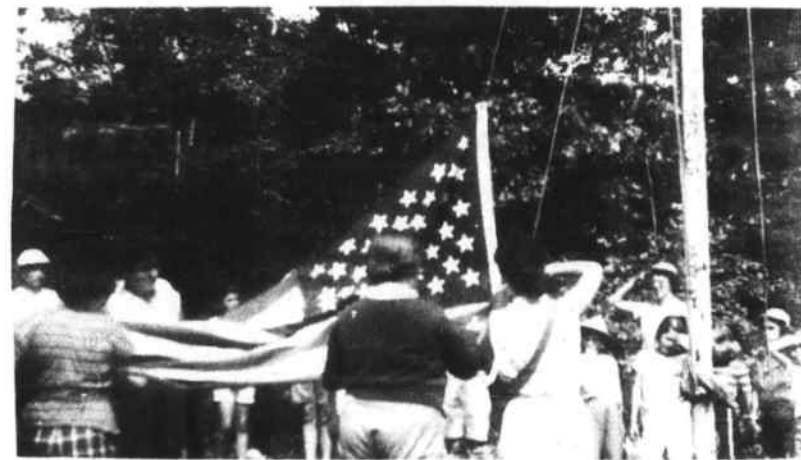

A crew of state employees are
working in town at the present
time taking samples from elm
trees suspected of having the
Dutch Elm disease.

They report that Wilmington
is 'probably ahead' of any
other town in the state, in
combating the disease which
is slowly killing off the New
England elms. Every tree which
was found to be diseased dur-
ing the last check had been
cut down by the Town's Tree
department.

SALEM RAILROAD BED TO BE SOLD

An agreement has been reached
between the Boston & Maine RR
and the Cronin Brothers of No.
Reading, in which the Cronin
firm will purchase the old
right-of-way for the former
Salem & Lowell Railroad.

The Cronin Brothers are buy-
ing the right-of-way from Sa-
lem Street Wilmington to the
No. Reading line, and for a
distance beyond the line into
that town. The right-of-way is
80 feet wide, and the total
area to be transferred is
211,385 square feet.

THE END OF THE FIRST DAY

With Girls Scouts standing at attention, the

at Camp Forty Acres.

TOWN OF WILMINGTON

BOARD OF HEALTH
WILMINGTON, MASSACHUSETTS

The Board of Health of the
Town of Wilmington in the Coun-
ty of Middlesex, Commonwealth
of Massachusetts, acting under
the authority of the General
Laws and amendments and addi-
tions thereto, and by any other
power thereto enabling and
acting thereunder and in ac-
cordance therewith, have, in
the interest of and for the
preservation of public health,
duly made and adopted the fol-
lowing amendments to its rules
and regulations:

Chapter 4

Septic Tanks, Cesspools,
Privy Vaults and
Public Sewers

Section 3, Subsection 3.2

The minimum septic tank ca-
pacities as contained in this
subsection are hereby rescinded
and the following amendment
is herewith adopted:

The minimum liquid capacities
of septic tanks installed or
constructed in the Town of Wil-
mington shall be as follows:

No. of Bedrms (Liquid Cap. gal)	
2 or less	750
3	900
4	1,000

each addit. bdrm. add 250

Section 5, Subsection 5.4

The last sentence of this
subsection is hereby rescinded
and the following amendment is
herewith adopted:

In no case shall a bed have
an area less than six hundred
(600) square feet and a layer
of washed, crushed, 3/4 inch
stone less than twelve (12)
inches below the disposal
pipe, and less than four (4)
inches of 1/8 inch washed,
crushed stone above the dis-
posal pipe.

Section 5, Subsection 5.6,

Item 9

Item 9, subsection 5.6 is
hereby rescinded and the fol-
lowing amendment is herewith
adopted:

No portion of the subsurface
disposal works shall be less
than one hundred (100) feet
from any source of private
drinking water supply.

Section 6, Subsection 6.1

Subsection 6.1, section 6 is
hereby rescinded and the fol-
lowing amendment is herewith
adopted:

No permanent privy-vaults
shall hereafter be permitted
in the Town of Wilmington.

Section 6.2, section 6 is
hereby rescinded and the fol-
lowing amendment is herewith
adopted:

Temporary privy-vaults for
the convenience of contractors
or their employees may be er-
ected or installed with a per-
mit, but only under the fol-
lowing conditions. The vault must
be at least two (2) feet in
depth and must be so located
as to cause no annoyance to
persons residing in this vicin-
ity. The owner, contractor or
agent shall cause the contents
thereof to be covered with
chlorinated lime, earth, or
ashes twice each day. Immedi-
ately upon completion of the
contract the contractor shall
remove the privy, shall fill in
the vault and leave the pre-
mises in a condition satis-
factory to the Board of Health.
The fee for this permit shall
be \$1.00.

Chapter 3

Milk Regulations

Section 3

The first sentence of Section
3 is hereby rescinded and the
following amendment is here-
with adopted:

Milk, cream and related milk
products kept for sale in any
store or other such establish-
ment shall be stored in a re-
frigerated case, refrigerator
or like compartment wherein
proper temperatures as speci-
fied in Section 6 are assured.

The above amendments were
adopted by unanimous vote of the
Board of Health, Town of Wil-
mington, Commonwealth of Massa-

SERVICES FOR EMMA M FISH

Funeral services for the late
Mrs. Emma M. Fish, 8 Glen Road
were held yesterday in the
Wilmington Methodist Church,
with the Rev. Terry Clay Tho-
mason, pastor, officiating.
Burial followed in the family
lot in Wildwood Cemetery.

A resident of Wilmington for
the past 35 years Mrs. Fish,
who was 80 at the time of her
death, was a member of Acacia
Chapter, OES, a former member
of the Wilmington Grange, and
the Rebeccas. She was also a
member of the W.S.C.S group of
the Methodist Church.

Born in Chelsea, she had been
in poor health for some time
before her death. She was the
wife of the late Howard L. Fish
and she passed away on Sunday
at the home of her son Charles
on Glen Road.

Besides her son Charles she
is survived by two other sons,
Major Frederick J. Fish, USA,
of Brockton, and Arthur C. Fish
of West Covina, California.
Another son, Robert W. Fish,
died recently in San Mateo
California.

She is also survived by six
grandchildren, and a sister,
Mrs. Grace Follette of Somer-
ville.

Funeral arrangements were by
the Nichols Funeral Home.

OPPORTUNITIES FOR HIGH
SCHOOL GRADS IN US NAVY

All high school graduates are
encouraged to examine the op-
portunities available in the US
Navy. Under the Navy's High
School Graduate Training Pro-
gram, a high school graduate
can be guaranteed a Navy tech-
nical school in the field of
his choice.

Qualified applicants may be
enlisted in several different
fields including electronics,
nuclearonics, medical and den-
tal, guided missiles, avia-
tion, music or the general
technical field.

The local Navy recruiter, lo-
cated in Room 211, New Post
Office Building, Merrimack St.
Lowell, will be glad to ex-
plain these programs and show
how to best fulfill your mili-
tary obligation.

The Lowell Navy Recruiting
Office is open daily Monday
through Friday from 9 am to
5 pm, and Saturdays till noon.
